## Lodging In Ridgecrest, CA

### CAMPING

The SLG&MS invites you to camp at the Valley Wells Recreation Area of Searles Valley Minerals, Inc. while attending the Gem-O-Rama. Although it is dry camping, there are restroom and portable toilets, fresh water at 3 faucets, an outdoor shower to wash the salt and mud off after field trips, and a trash receptacle. There are also tennis courts. And you will be camping with several hundred other enthusiastic mineral collectors. All this for just \$8 per night. Registration will either be as you drive in or someone will stop by your camp. Valley Wells is located about 5.3 miles north of the show building. Follow the "Show Camping" signs north on the main road (this road continues on to Death Valley) until you see a sign pointing down a paved road to the right (east). Turn at this corner and drive the last 1/4 mile to Valley Wells. During the day, Valley Wells is noticeable because of the large collection of trees at the site, the only trees in the area. At night, you will see the large collection of yellow, sodium vapor lights.
